1. Reference A is CINCUSAREUR request to DA for authority to disclose pertinent information relating to CINCUSAREUR plans EP 101 and EP 102 to officials of city administration of West Berlin. Reference B, in reply to reference A, suggests that CINCUSAREUR refer problem and request guidance from USCINCEUR in view of special disclosure authority granted in reference E which does not differentiate between Federal and other West German Governmental levels.

2. Reference C, CINCUSAREUR requests USCINCEUR to authorize release of pertinent necessary classified information related to EP 101 and EP 102 to certain West Berlin authorities.

3. USCINCEUR interpretation of disclosure authority in reference D and contained in reference E, is that it may be redelegated to CINCUSAREUR for purpose stated in paragraph 2, above, since that authority was granted to USCINCEUR and limited to the mission of LIVE OAK. However, USCINCEUR recognizes the requirement identified by CINCUSAREUR and anticipates similar requirements for partial disclosure in connection with other component command plans

relating to emergency support of Berlin. It is therefore requested that in addition to disclosure authority granted for LIVE OAK, USCINCEUR be authorized to disclose to UK, France, FRG and West Berlin officials pertinent military information relating to approved Berlin emergency plans for appropriate coordination of such plans and possible operations in connection therewith. Authority should permit redelegation to lower echelons as considered necessary by USCINCEUR.
